

### Square Internal Mount Horizontal Tenons

#### ST Series Square

The square base with internal tenon mount is designed to slip into either a standard 4" square, non-tapered steel or aluminum pole or a square pole with 2-3/8 tenon. **Do not use ST290, ST390 or ST4 with 23" square fixtures.** Use the STR54 5-4" Reducer to adapt to a 5" pole for use with the ST Series brackets.

### STA Series with Arms

The square base with internal tenon mount is designed to slip into either a standard 4" square, non-tapered steel or aluminum pole or a square pole with 2-3/8 tenon. Available with either 6" or 12" extension arms for direct mounting to the fixture. 12" arms recommended for 23" housings. For 5" poles use STR54 Reducer.

#### Finish

All brackets are finished with an acrylic bronze powder coating for longer life.

### ST Series Drop In Mount Tenon Adaptors Order Information

Description	Catalog Number		Shipping Weights (lbs.)	
	Horizontal Tenons Round		6" Arm	12" Arm
Single Mount 4" Pole	ST1 (not shown)		12	14
90° Twin Mount 4" Pole	ST290		14	16
